

# CSMC Resume Critique Program

## 1 Disclaimer

If at any point you provide your contact information outside the confines of this program, you are responsible for any messages and/or spam you receive.

## 2 Problem Statement

The recent tech crash has made it difficult to:

- 1) find internship and full-time opportunities.
- 2) compete with others for the same position.
- 3) provide a good first impression.

Even when it does recover, the space will continue to be more competitive.

## 3 Mission Statement

The goal is to provide eligible current (and even former) mentors an opportunity to improve their resume and therefore provide a good first impression.

## 4 Participation Requirements

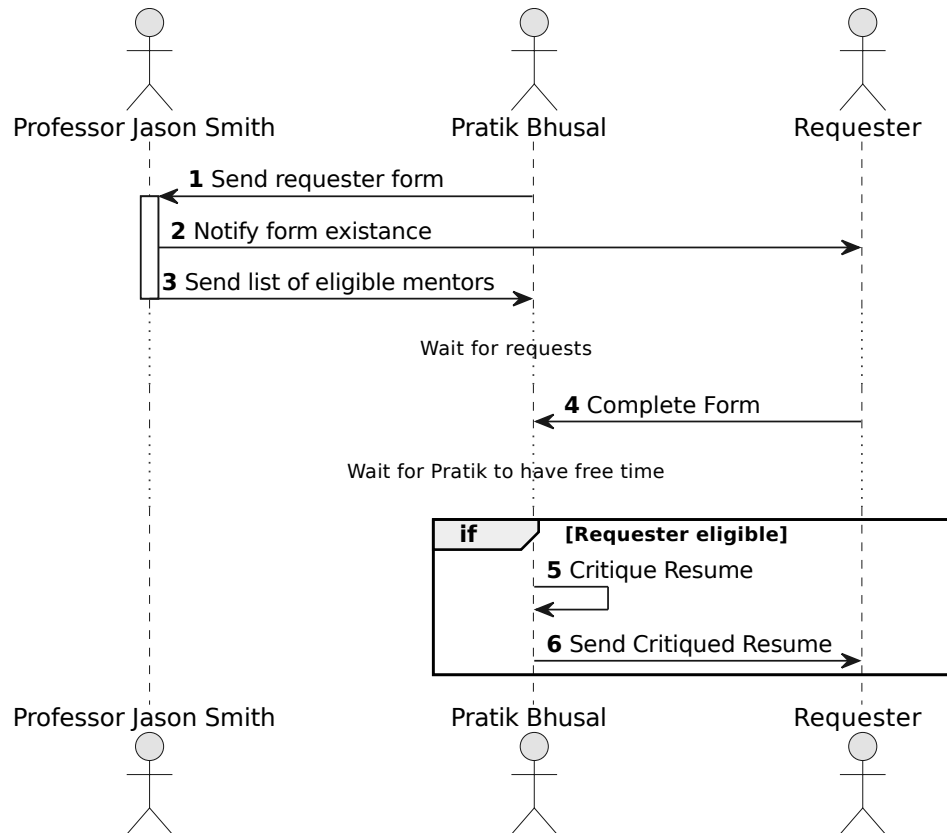

You are considered eligible to receive a resume critique if and only if you meet at least 1 of the following:

- 1) **Shift Leader:** You are a shift leader.
- 2) **Final Year:** You have worked at least 2 complete semester(s) at the CSMC, in your last year before graduating, *and* not pursuing any further education at the university
- 3) **Alum:** You graduated and have worked at least 2 complete semester(s) at the CSMC.

## 5 Opt-out Process

If you no longer wish to participate, please let Pratik Bhusal know.

## 6 Process Diagram

## 7 Potential/Frequently Asked Questions

1) *When is the best time to apply/participate?*

As early as possible.

2) *How is my information stored?*

It is stored on Google spreadsheets. Automatic data encryption is desired, but still in the brainstorming phase.

3) *What is the easiest way to contact Pratik Bhusal about the program?*

There are two ways:

- 1) Create a new issue on the git repository associated with the program.
- 2) Send an email associated with this program.

**Hint:** repository-name (at) fullname (dot) com

If you have a general question applicable to more than just you, prefer using option 1.

If you have a specific question that pertains only to your situation, use option 2.
